<u>My Courses</u> <u>My Info</u> <u>Help</u>	My Courses View	My Info Profile, Reports	
Sign Out version 2.11	7		

5. Click "Olathe Technology Assessment".

6. Initially, only one assessment will be available. Click "Olathe Pre-Technology Assessment".

- 7. You will be *required* to take the PRE-ASSESSMENT *first* to familiarize yourself with the type of questions you will be asked on the POST-ASSESSMENT and to determine if you need to receive assistance from a colleague or review certain areas before taking the POST-ASSESSMENT. There are 60 questions on each test. You may take the PRE-ASSESSMENT up to a maximum of 3 times before taking the POST-ASSESSMENT. However, you must take it once before you will be able to choose to take the POST-ASSESSMENT. You will have only once chance to take the POST-ASSESSMENT.
- 8. When you are ready, click the desired assessment to begin. Click "Start Test."

**REMINDER:** You may take the **PRE-ASSESSMENT up to a maximum of 3 times**! You may start it and then finish it at a later date if you do not have the time to complete it in one sitting. *You may take the* **POST-ASSESSMENT** *only once in an attempt to receive the designated passing score of* **80%.** This assessment may also be started and finished later in another sitting. If you do not finish in one sitting, you will be asked if you wish to "**Resume**" the prior test or "**Restart**" the test from the beginning.

9. When the test begins, *select the correct answer* or *click in the correct location on the screen* to answer the question. Then click "Submit."

10. As you are working through the **PRE-ASSESSMENT**, *you will <u>not</u> receive feedback on each question*. You will receive a final score at the end of the **PRE-ASSESSMENT**.

11. When you complete the **PRE-ASSESSMENT**, your results will be saved and you will see a "**Report Card**" message displaying the results. At this time, you will need to decide to **review specific technology standards** and you may then retake the **PRE-ASSESSMENT** up to two more times. Or, if you feel you are ready, you may go ahead and take the **POST-ASSESSMENT**.

- 17. You may click the Close link to return to the Courses window.
- 18. The Courses Window will display the score you received on the POST-ASSESSMENT.
- 19. Once you have obtained at least an 80% on the POST-ASSESSMENT, you have completed the OBJECTIVE COMPONENT of the Olathe District Schools Educator Personal Technology Use Proficiency Exam.
- 20. If you do NOT achieve at least an 80% on the POST-ASSESSMENT, you will need to submit an improvement plan with your immediate supervisor. You will then need to submit a request to retake the Post-Assessment.
